

## **Agree to partly recall land in Fanling Golf Course**

Recently, HK Government accepted the recommended proposal for the scheme that, to “partly” recall land in Fanling Golf Course, on housing construction I do really, agree with it!

The plan is, to recall back of the land lease in the eastern, smaller part of the golf course, for building public estate. As for larger western part will retained be for golf play.

In fact, the Fanling Golf Course is where a 2 lanes’ roadway Fan Kam Road passes amid to separate its eastern (smaller, mainly warm-up use) & western portions! Even if, NIL recall on the land of the golf course, (i.e. be whole golf course land retained) the ball must be “out of site” when at nearby Fan Kam Road. Macroscopically, in HK there are really have other sites as alternative, for fans to play golf. Such as in New Territories-East where Fanling Golf Course situated therein, another Clearwater Bay Golf Course exists even smaller while, be still a Formal one for it! Roadway can directly link with there & people can easily arrive by cars. Moreover, in NT-West once more larger Discovery Bay Golf Course exists. Where be roadway connection also reached to there, via Tsing Ma Bridge, & Discovery Bay Tunnel maybe for people who ride in cars, besides 2 more golf courses in Deep Way Bay (venue of HK Golf Club) &, larger one in Shek O of Hong Kong-Island.

And it can be expected, if there will be built public housings in that eastern smaller part of the Fanling Golf Course, those residences will be so close to the (western) remained golf course beside. Their glass windows will be easily hit & even broken by the golf ball? ,,,,,, Thus, certain tall net-fence shall be built along the border of Fan Kam Road probably as barrier, so to rather entirely avoid occurrence of respective risk problem!

Now, administration of Mrs. Carrie LAM Chief Executive of HKSAR Govt. really, meet difficulty on finding site to construct public housings for alleviating domestic residential problems! Deeply hope, whoever how “aristocratic” you as wealthy tycoon alike with fond of playing golf, for issue of just “partially” recall of the land lease in (smaller eastern park of) Fanling Golf Course for, constructing Public Estate, while still larger western course of it can be retained, ought the plan NOT to be blindly objected as rigidity!
